

Upper Adams Fish and Game
Fall '18- Spring '19 Newsletter

Hello fellow members,

Can anybody find where the summer went?!? It seems like just last week was spring with trout fishing and gobbler hunting. Now we are looking at dove hunting, archery season, bear and deer season! Although not a bad thing it just makes a person wonder where time goes. One thing for sure, it does not wait for anybody or anything!

Between rain showers we have been very busy here at the club. We buried all of the down spouts from the roofs and routed them out over the hill. Hopefully this will help control the water run-off and not wash out the hill.

The big project this year was the installation of lights over at the trap shooting range. Thanks so much for the kind donation of concrete from Conewago Ready Mix. It helped us out so much. The donation was greatly appreciated. Remember them on the next home project you do and give them your business because they support the small organizations like us. We also want to thank Roger Weidner "Pruitt" for the backhoe and the use of his JLG lift to install the lights. Another big thanks to Lee Miller for the donation of the electrical wire and breaker. And last but not least, I would like to thank everyone that helped with their time and sweat to make it happen. Mother nature made us keep rescheduling work due to all of the rain but we got it finished.

We are about to get very busy here at the club with our shooting events in the next couple of months.

"Dues"- Your membership dues for the year of 2019 will be accepted starting on October 17, 2018. Adult dues are \$20.00 and kids up to 16 years of age are \$5.00. Your dues must be paid by the end of the meeting in January 2019. You can pay for your dues with cash or check. A reminder that we DO NOT mail out cards and badges. You must come to the club and pick them up. You must have a valid card and badge to use the club facilities. You can pay your dues at one of the many upcoming events! Dues must be paid or you cannot attend the membership feed. So, don't forget to get them paid!

"Claybird/Trap Shooting"- Lights are finally up! It took a lot longer to get the lights installed due to weather, but they are up and working. Again, a very grateful thank you to Conewago Ready Mix for the donation of the concrete for the light bases and to replace the side walk that we had to remove to put the down spouts underground. Again, thank you Roger "Pruitt" Weidner for the donation of his time and equipment to do the digging and setting the light poles. I also want to thank everyone who helped, it could not have been done without you.

"Block Shoots & Running Deer/Elk Shoots" Again two of the club's big money makers are these events. Our Thursday night block shoots had great attendance and everyone seemed to have a great time. This event helps pay a great portion of the bills. The Running Deer and Elk Shoots are also a lot of fun on Saturdays (see calendar for event dates). If you have never tried either event come on out and bring your tight shooting shotgun to the block shoots or your trusty rifle and shells to the running deer shoot. Join in the fun and maybe win some meat or money. We are always happy to see new shooters.

"Gun Raffle"- We are planning another raffle for this year 2019 as we had last year. 175 tickets will be sold with various prizes and guns on the ticket with good food and small games of
